**WELCOME TO PULLMAN PLAZA HOTEL
2008**

WV-AWWA & WVWEA Members and Families:

On behalf of the West Virginia Section American Water Works Association and the West Virginia Water Environment Association Board of Directors, allow us to extend a warm welcome and invitation to you to attend the 2008 Annual Joint Conference. This year's conference will take place at the Pullman Plaza Hotel in Huntington, West Virginia.

The festivities will begin on Sunday, May 18, 2008 with our annual Terry Smith Memorial Golf Tournament and picnic and will conclude on Wednesday, May 21, 2008 with the Annual Business Meeting. The Program Committees from the WEA and AWWA have compiled a diverse technical session schedule that has something to offer everyone. An excellent Spouse's Program has also been arranged that we are sure will meet everyone's highest expectations. We anticipate a full exhibit hall with the latest water and wastewater industry related technology displayed and expert technical assistance representatives present to help sort through it. Please make it a priority to take time out of your schedule to browse the exhibit hall and support the vendors that help make our conference possible each year through their generous support.

Let us encourage you to come and take advantage of everything that this year's conference has to offer . . . great food, fun, fellowship, professional development and the latest technologies in the exhibit hall.

See you in Huntington.

Ed Morrison
Chairman, WV-AWWA

David Sago
President, WVWEA
